NGO “Sustainable Development Landmarks”
2/58, Viiskova St., Ivano-Frankivsk, Ukraine, 76000

Dear Friends!

As people striving for changing the world for the better and making it sustainable, you are sure to realize the scope of the tragedy becoming not only Ukrainian but also global because of the unprecedented magnitude of the damages and losses the world suffers from the Kremlin’s invasion of Ukraine. Our country, long known as the “Breadbasket of Europe” because of its fertile black soil, has become a slaughterhouse in the very center of Europe. We have nothing but a mere genocide of the Ukrainian people being committed by the cynical ruscists. I must admit that the civilized world’s help is unprecedented. We are grateful to all our supporters for inspiring us to fight and making us feel we are not alone. Thank you!

Our organization, [“SUSTAINABLE DEVELOPMENT LANDMARKS”](#), has launched extensive grant-writing and fundraising work to implement various [projects](#) on helping our fellow citizens. We also do our best to prove that Ukraine with its huge potential is on the same page with the whole civilized world, cherishes the same values, and does matter much.

But our efforts to help Ukrainians in need won’t reach their maximum effectiveness unless we have the backing of the world community. We would highly appreciate it if you could support us either organizationally or financially. Our initiatives are not limited to the projects mentioned in the table below. If you have any other ideas, we will do our best to meet your expectations. We are working directly with local Ukrainian authorities and volunteers and have great possibilities in implementing various projects on the ground. In return for sponsorship, we are offering multiple media promotion opportunities and extensive support for your own projects in Ukraine.
